

INTERNATIONAL TEST CONFERENCE

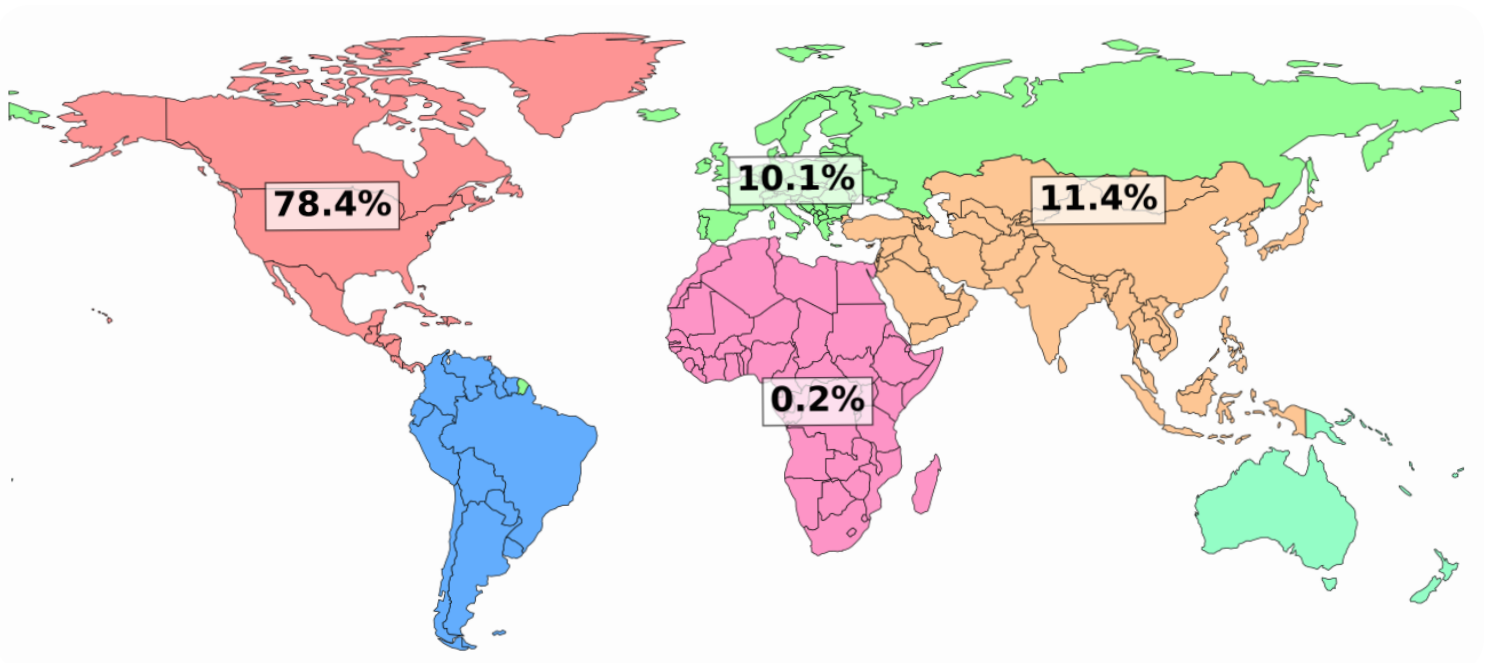

SEPTEMBER 21ST-26TH, 2025
HILTON SAN DIEGO BAYFRONT, CA

2024 EDITION INSIGHTS

A Truly Global Community

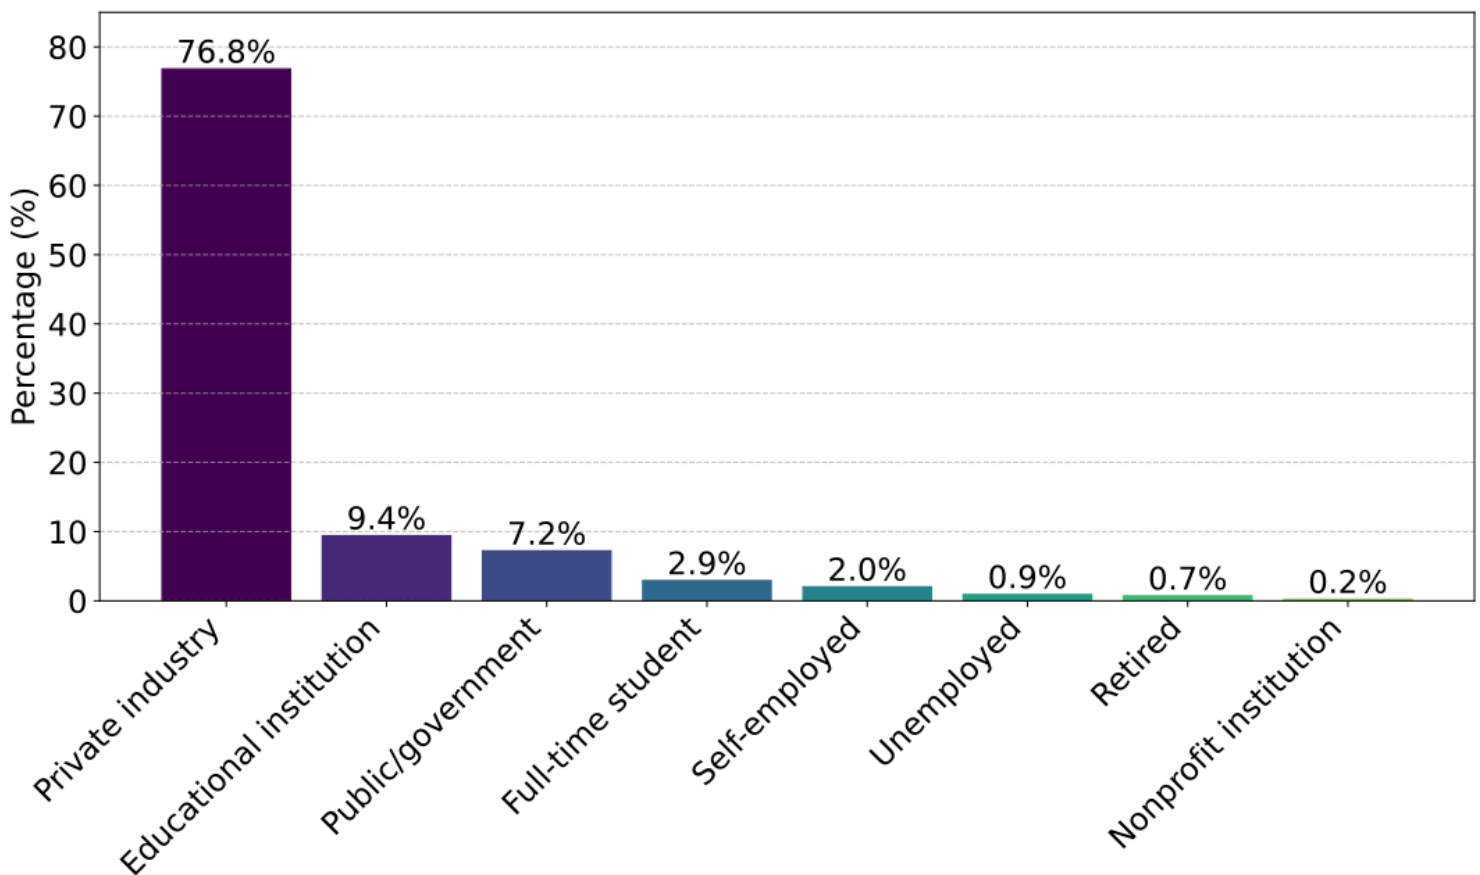

Our last edition brought together professionals from across the globe, creating a diverse ecosystem of knowledge exchange. With participants from **4 continents** and **26 countries**, our conference stands as a premier international gathering in the field.

Professional Excellence at Every Level

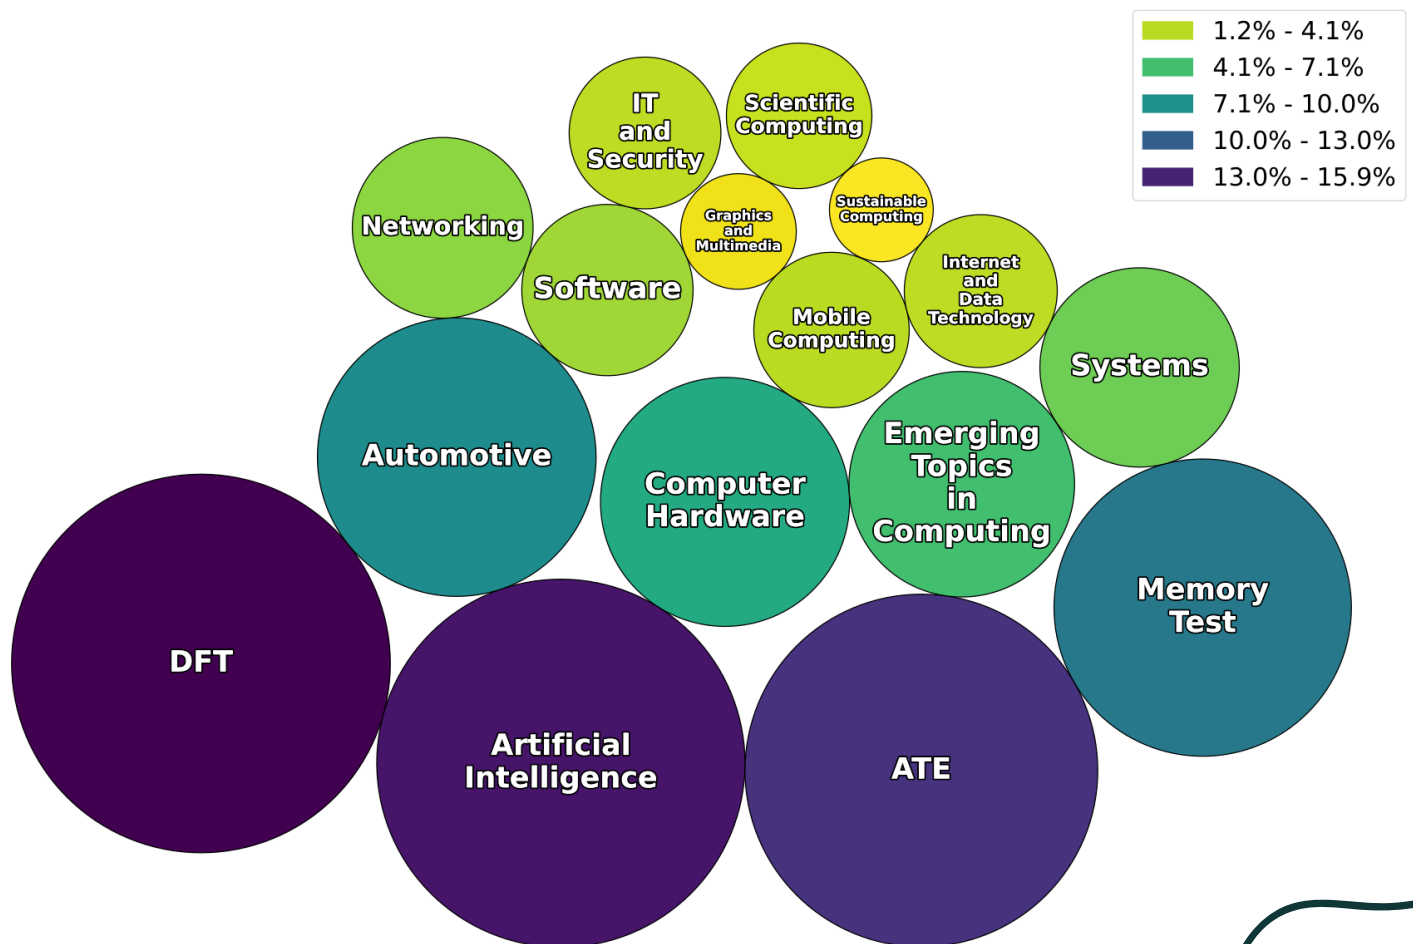

Our conference attracts **industry leaders**, **researchers**, and **emerging talents** across various career stages. This dynamic mix creates unparalleled networking opportunities and knowledge sharing.

Cutting-Edge Topics

The **diversity** of research interests among our participants reflects the conference's comprehensive approach to electronics testing. From **DFT** to **Sustainable Computing**, we cover the most relevant and innovative subjects in the field.
